December 8, 2011

Stephen Kent
735 College Street
Woodland, CA 95695

Dear Stephen,

We are pleased to inform you that you received a **qualifying (passing) score** on the Clerical Test Battery (CTB) and the Meter Reader Test Battery (MTB) that you took on November 15, 2011.

Passing the pre-employment tests is **not** a guarantee of employment; however, it is one of the factors taken into consideration to determine your eligibility and qualification for employment opportunities at Pacific Gas and Electric Company. We review each applicant's experience and skills in relation to current and future job openings.

Please keep this letter in a safe place, as it is your only record of your test results.

Thank you for your interest in Pacific Gas and Electric Company.

Sincerely,

Pacific Gas and Electric Company Testing Center
